If a bowler competed in more than one league, the bowler MUST submit the highest average of all leagues bowled. The following rules shall be used to determine the entering average.

A. The highest 2010-2011 Book average (minimum of 21 games) as of May 31, 2011

B. If none, the highest average between the 2011 USBC Summer League average (minimum of 21 games) or the 2009-2010 USBC Book average (minimum of 21 games)

D. If none of the above exists, a tournament entering average of 225 will be used.

OTHER ADJUSTMENTS:

a) If a bowler's current League average (minimum of 21 games) as of 12/31/2011 is 1 (one) pin or more than the submitted entering average for this tournament, the bowler must submit, use and send verification of that average as per USBC rule 319a-2.

b) If a bowler has a verifiable IGBO Tournament average (minimum of 21 games) as of 01/13/2012 that is 1 (one) or more pins higher than their entering average for this tournament, then this average will be used.

c) If the submitted and verified entering average for the tournament is 10 or more pins less than the next verifiable past USBC book average, the new entering average shall be the previous of the two averages less 10 pins.
